Dear Hugh,

A "special thanks" for being such a vital part of the 1990 Myrtle Beach AFB Aerospace Days. Your narration of this years Air Show added a special touch and greatly enhanced the audiences understanding of the aerospace history displayed in this years event. I really enjoyed listening to your narration of the P-51 and SNJ-6's history. It was great having you as a part of our Air Show. It's performances like yours that made this such a special day.

Again thank you for offering your time and services in helping make our Aerospace Days a successful event.
