Dear Hugh

I want to personally thank you for the time you spent again this year at our airshow. Your narration was indispensable -- one of the highlights of the show. We could not have done it without you.

Enclosed is a small contribution to help defray some of your expenses. We look forward to working with you again next year (3 June 1992), so mark your calendar now. Again, many thanks for making this year's show so special.

Sincerely
